

Is It **Work** or Is It **Break Time**?

break?

work?

**Ever wonder where your break time went?
All the things management says instructors have to do
in break for work.**

**Do we leave the iPad in the room as MGT tells us in
Collective Bargaining and risk an information leak**

Or

**Do we follow the Benesse Information Guidelines and
carry it out (work) in the break time?**

When the union asks Berlitz - we get two very different answers.

Be prepared BEFORE the class (for the student)

AND

You can do it AFTER the break (Berlitz doesn't want to pay)
